

Newsletter 25 December, 2014

Dear Members,

You are all invited to visit and submit your comments on the new IPS Facebook

New Textbook in Mechanics

Magnes Press has recently published an electronic book in Hebrew, appropriate for the course that in most Israeli universities is dubbed Physics 1M. Details can be found at the site

.

Lecturers interested in an inspection copy are welcomed to email the author at <>

Tel-Aviv University, Dept. of Physical Electronics

Research Grant

For EE/Physics Post-doc / PhD Student

-

Basic science research in the fields of Quantum-Electronics, Laser Physics and Particle Beam Physics:

-Laser Acceleration.

-Compact Free Electron Lasers.

-Light - Electron wave-function interaction.

-Particle beam micro-dynamics

-
