Newsletter 25 December, 2014

Dear Members, You are all invited to visit and submit your comments on the new IPS Facebook *New Textbook in Mechanics* Magnes Press has recently published an electronic book in Hebrew, appropriate for the course that in most Israeli universities is dubbed Physics 1M. Details can be found at the site . Lecturers interested in an inspection copy are welcomed to email the author at <>

Tel-Aviv University, Dept. of Physical Electronics

Research Grant

For EE/Physics Post-doc / PhD Student

Basic science research in the fields of Quantum-Electronics, Laser Physics and Particle Beam Physics:

-Laser Acceleration.

-Compact Free Electron Lasers.

-Light – Electron wave-function interaction.

-Particle beam micro-dynamics
